

2020 Cesar Chavez HS Marching Band Season

The Cesar Chavez High School Band Booster Club is dedicated to its support of the students in the Cesar Chavez High School Titan Marching Band and Auxiliary. It is the goal of this organization to support students and do what is needed to accomplish their artistic endeavors.

The CCHS Band Booster Club is seeking sponsors for the 2019 Cesar Chavez HS Marching Band Season. From August 6th to December 17th we support over 300 students as they play their way from hot rehearsals to competition as one of the best bands and music programs in northern California. Their season includes four competitions, over thirty rehearsals and many parades for the Stockton community. Our booster club spends over \$20,000 dollars on transportation for our students and well over \$5,000 to make sure they are fed properly. We are seeking sponsorship for; water, food supplies and items, donations that can help towards the cost of a bus or rental vehicle, and anything else that helps our Stockton youth. **The Cesar Chavez High School Band Boosters is a qualified 501(c) (3) organization; therefore, your donations are tax deductible.**

If you choose to help with this amazing program; we will place your logo in programs throughout the year, if a high-quality logo is provided (As well as coupons or other material you would like in the programs), for certain donations we will place that logo on our band trailer, and if a banner is provided we will present it at all our events.

Your consideration and support is greatly appreciated. We rely on our community to help give us the means to provide our youth with the opportunities to be, **College ready, Career bound, Highly skilled, and Successful citizens.**

Thank you,

Art Coleman (Band Director)
